IT'S ALL ABOUT THE WHEEL

Other 3" polyolefin caster

Akro-Mils 3" polyolefin caster

Those that depend upon platform trucks, carts and dollies to do their jobs understand that the right caster makes ALL the difference.

For example, not all 3" polyolefin casters are built the same, even if they look similar. Akro-Mils gives you more:

- ➔ **Double Ball Race vs. Single Ball Race.**
This provides better rotation and control.
- ➔ **Sealed Wheel Hub Ball Bearings vs. Plain Bore.**
This provides better overall roll ability.
- ➔ **More Structural Wheel Profile.**
Allows the wheel to be stronger under impact.
- ➔ **Heat-Treated Plate Raceway vs. Non Heat-Treated.**
This provides better support under load conditions.
