

29pc BlackGold

Built for performance, engineered to perfection

29-pc. Jobber Set

BLACKGOLD

PART# 95090945 | 137° Split Point
1/16" to 1/2"

Special \$105.39

HIGH OUTPUT. PEAK EFFICIENCY.

137° split point penetrates material surface on contact

Heavy taper with narrow lip for faster starts

Aggressive web taper prevents breakage

Tri flat shank on 3/16" thru 1/2" which provides secure drill chuck grip that eliminates bit spin out

Industrial-grade NAS High Speed Steel resists chipping and provides increased wear resistance

Engineered for less torque and lightens operator load

Shorter, stronger cutting lip for easier drilling and longer life

OVERMOLDED CORNERS

Integrated non-slip overmolded corners for superior impact resistance

PATENT PENDING CASE DESIGN

Impact resistant polymer construction

Tip-out index design for easy drill selection

Holds drills securely in place yet allows easy pick and place access

Polymer drill stops prevent drill damage

Allows tools to be carried, accessed, selected, replaced, secured, and closed with one hand

Polypropylene construction offers durable chemical resistant construction
